Professional Artwork Experience

2013 - 2017

U-HAUL INTERNATIONAL, INC. : STAFF ARTIST

- ▶ Designed templates and developed processes for numerous projects to improve efficiency.
- ▶ Edited photographs for use on vehicles and facilities. This work involved background removal, color replacement, compositing, and photo retouching.
- ▶ Created vector based decal designs for signage on vehicles and facilities.
- ▶ Created custom artwork for a vehicle lease program for business clients. Projects included creating unique graphics according to the clients' specifications or by designing new custom artwork.

2009 - 2013

SCHAUS-VORHIES COMPANIES : DIGITAL MEDIA SPECIALIST

- ▶ Created renderings of architectural and industrial designs.
- ▶ Crafted marketing and safety videos. This work included scripting, voice over work, camera operation, video editing, compositing, and video effects.
- ▶ Made presentations to help communicate complex concepts with interactive media.

2007 - 2008

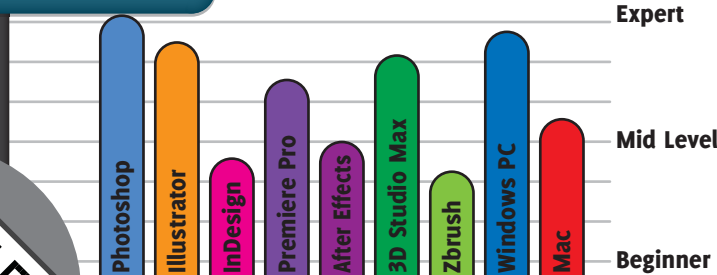

DIGITAL-X : 3D VISUALIZATION ARTIST

- ▶ Created 3D visualizations of architectural models. Architectural models ranged from apartment complexes to custom homes. Additional modeling tasks included creation of mall kiosks and custom furniture and fixtures.
- ▶ Animated virtual walkthroughs of sites, with animations of characters and vehicles to add life to the scenes.
- ▶ Managed rendering jobs for animations and still images using Mental Ray and V-ray.

Related Experience

Prior to my experience as a professional artist, I worked as a technical support and customer service representative. My strong analytical and problem solving aptitudes have allowed me to quickly learn new tools and to find creative solutions to new challenges. I am comfortable using both PC and Mac environments, and have several years experience with each. I have also had experience teaching new skills to new employees in both one-on-one and classroom settings.
